DETAILED ACTION

This is a first office action on the merits of patent application S. N. 10/606,327.

Reissue Applications

The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following:

The oath or declaration must identify each inventor by full name, and country of citizenship as required by 35 USC 115 and 37 CFR 1.63 (a)(3). Each inventor's residence and mailing address must also be provided, if they have not been supplied in the application data sheet (37 CFR 1.76).

Also, the reissue oath/declaration filed with this application is defective because the error which is relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.

The reissue application claims subject matter that was cancelled due to an election of species requirement (mailed August 27, 2001) during the prosecution of the original patent. In re Orita, 193 USPQ 145, In re Watkinson, 900 F.2d230, 14 USPQ2d 1407 (Fed. Cir 1990). Reissues may not be utilized to reclaim subject matter which was not elected in the original application. 35 USC 251 cannot be used to circumvent other statutory requirements, e.g., the copendency requirement of 35 USC 120 for filing

divisional applications on nonelected subject matter. This also applies to broadened variations of nonelected subject matter (See MPEP 1402 and 1450).

Claims 1-4 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
